

FastReward

Introduction

We are a **French**
structure based in Paris,

not to leave you in the blur, we chose to create this **white paper**
to offer you the **greatest clarity** on **FastReward Project**

FastReward must solve a problem

During our studies, we realized a real problem

It is not possible for everyone to have a fixed job with a substantial salary. Some people living in countries don't even have the chance to work or earn some money, and **we want to offer everyone the opportunity to earn money by working in front of their computer, or smartphone.**

Our solution

We plan to create a web platform that will allow anyone registered on FastReward to earn money by performing work tasks, such as filling out questionnaires, viewing videos, testing applications or websites, posting on social networks to promote a product or service, these are only a few examples that will be put in place soon.

FastReward will be the refuge for people who want to earn extra income from home

What is FastReward?

FastReward is the name of the digital task platform, but also the name of a corner **with which we will pay each user of our platform**. The number of coins is limited. The **FastReward supply will only have 27 million coins worldwide**, this resembles an economic system based on deflation and with increasing supply coin, FastReward prices tend to rise, when the demand is high and the number of coins that remain is not increased.

It is obvious that each task will be based on the price of the **FastReward coin**

FastReward uses the Blockchain database is not controlled by a party, but is so open to the public that it is impossible for someone to forge transactions in Blockchain. All transactions are recorded live, transparent, and spread across multiple servers.

The special to FastReward is the name. This is because of his extraordinary simplicity to earn money with it. **Lend some coin to get some % every day, do the day-to-day tasks, hodl your coin easily earned and stack them or you can mine them.**

FastPoint

FastPoint is an **open voting platform** built in **the future**, that will enable the **FastReward** community to vote on the suggested proposals submitted by community members regarding the future direction of the **FastReward project**

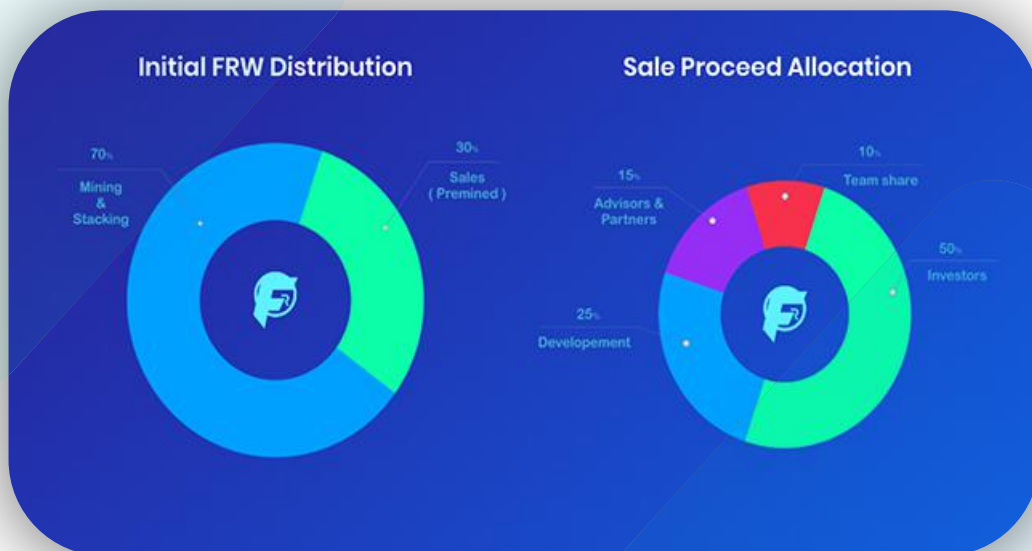

This platform enables FastReward members to have an impact on the community decisions influencing the direction and expansion of the **FastReward project**

FastReward Coin Specification Coin Algorithm Scrypt (PoW/PoS)

Coin Abbreviation	FRW
Maximum Coin Supply	27 Million
Coin base maturity	50 block
PoW block reward	15 FRW

What is lending on **FastReward**?

Lending is to invest your own **FastReward Coin** to get a daily return from the management of **FastReward**. Lending is the opportunity to get daily return on your FastReward. It is an impressive concept for passive investors and for those who want to enjoy a daily passive income. No fixed daily interest rate can be guaranteed. **When the contract expires then the investment fund will be returned in accordance with our engagement.**

You can invest FastReward coin in our lending platform from your dashboard. This investment option allows you to profit from the FastReward task fees and our trade of our assets. You will receive daily profit based on your investment. You will receive your capital back with the profits on the following chart. You can take out your capital from FastReward lending platform or reinvest at any time. However when the task platform is in place you will need to validate a daily task to touch your interests.

Mining

The special to FastReward is the name. This is because of its extraordinary ability to be mined by every **FastReward** user from home. It is said, that it is impossible to create gold at home. You have to work hard to find it. **FastReward** works in a similar way.

Do you own a device with internet connection?

With FastReward's software you are able to mine your coins easily and comfortably from your favorite place. Every day whenever you want. All you need is a computer, a tablet or your laptop and an active internet connection.

Affiliate

The 40 people who invite the most people to join FastReward and buy Fastreward will receive 1000 FastReward as a bonus when the ico closes.

You will receive 3.5 % of each buy order of your affiliate.

**The whole process will be published publicly on Bitcointalk.
And sent to the wallet of the selected.**
